INFORMED CONSENT FOR TREATMENT with Integrative Chiropractic Clinic:

I understand, as with any health care procedures, that there are certain complications which may arise. **Complications of chiropractic treatment** include but are not limited to: fractures, disc injuries, dislocations, muscle strain, Homers' syndrome, diaphragmatic paralysis, cervical myelopathy and costovertebral strains and separations. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to complications including stroke.

Complications/side effects of acupuncture may include, but are not limited to: bruising, numbness or tingling near the needling sites that may last a few days and dizziness or fainting. I understand that I should not make significant movements while the needles are being inserted, retained or removed. Bruising is a common side effect of cupping and gua sha. Unusual risks of acupuncture include spontaneous miscarriage, nerve damage and organ puncture, including lung puncture (pneumothorax). Infection is another possible risk, although the acupuncturist above uses sterile disposable needles and maintains a clean and safe environment. Burns and /or scarring are a potential risk of moxibusion.

I understand that any **massage** I receive is provided for the basic purpose of relaxation, stress relief and/or relief of muscular tension and pain. If I experience any pain or discomfort during this session, I will immediately inform the therapist so that the pressure and/or strokes may be adjusted to my level of comfort. I understand that massage therapists are not qualified to perform spinal or skeletal adjustments, diagnose, prescribe or treat any physical or mental illness and that nothing said in the course of the session should be construed as such. Massage should not be performed under certain medical conditions, therefore I affirm that I have stated all my known medical conditions and answered all questions honestly. I agree to keep the therapist updated as to any changes in my medical profile and understand that there shall be no liability on the therapist's part should I fail to do so.

The herbs and nutritional supplements (which are from plant, mineral and animal sources) that have been recommended are traditionally considered safe in the practice of Chinese medicine, although some may be toxic in large doses. I understand that some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives and tingling of the tongue. I understand that herbs need to be consumed according to the instructions provided. I understand that some herbs may have an unpleasant taste or smell. I will immediately notify the doctor of any unanticipated or unpleasant effects associated with the consumption of the herbs/supplements. I will notify the doctor if I am or become pregnant.

I do not expect the provider to be able to anticipate all risks and complications, and I wish to rely upon the provider to exercise judgment during the course of the procedure(s) which the provider feels at the time, based upon the facts then known, that are in my best interest.

I have had an opportunity to discuss the nature, purpose and risks of chiropractic, acupuncture and other recommended treatments. I have had my questions answered to my satisfaction. I also understand the specific results are not guaranteed.

I have read (or have had read to me) the above explanation. I state that I have been informed and weighed the risks involved in chiropractic treatment or acupuncture at this office. I have decided that it is in my best interest to receive treatment. I hereby give my consent to that treatment. I intend for this consent to cover the entire course of treatment for my present condition(s) and for any future conditions(s) for which I seek treatment.
